Subject: Phone call from Richard Vickery

Hi Bill

Would you please table the following diary notes of a phone call I received from Richard Vickery, President of SELGA, at 1008 am on Wednesday 4th August 2010.

Thanks and cheers Wm

Richard: I'm getting back to you re your letter to Rob [Forgan]

Wm: And to you. [The letters were also addressed to Richard]

Richard: I'm expressing my displeasure at how you have been personal and inappropriate. It is an inappropriate way to treat him. Democracy is fine and ok to question but this goes well and truly beyond that.

Wm: have you got any comment on the questions not being answered?

Richard: Rob answered the questions thoroughly and appropriately.

Wm: What?

Richard: Rob covered them thoroughly and comprehensively. We have a transparent process. CEOs were given a briefing on 30 June. I do concede it was a bit late and we will get it earlier next year. As Rob mentioned SELGA's costs are now matched with expenses.

Wm: The Questions haven't been answered. Would you put that in writing to me that you say the questions have been answered please?

Richard: I don't type so I won't be.

Wm: Are you happy for me to quote you?

Richard: [didn't answer the question]

Wm: I'll quote you when I bring this up at Council and we discuss it.
