Where practical keep a minimum distance of 30cm between bins, and 1 metre between bins and parked cars, street trees, stobie poles and letter boxes.

SECTION 2 - BIN COLLECTIONS

To ensure your bins are emptied on your scheduled collection day you need to:

• Put the bins out by 7am on the day of pick up and bring them back in within 24 hours of collection
• Face each bin towards the road - wheels towards the house
• Bins should be a minimum of 30cm apart and 1 metre between bins and parked cars, street trees, stobie poles and letterboxes
• Place the right material in the right bin (See Sections 3-5 for more information)
• Make sure your waste is not packed too tightly (Keep your bin’s weight under 75kg)
• Don’t overfill your bin and make sure the lid can close.

Additional Collections will need to be arranged with our Contractor EnviroTec and an additional charge per bin pick up will be charged. Please contact EnviroTec on 08 8762 4719 or email: admin@envirotec.net.au
