Election of New Councillor

Mayor Riseley and the Elected Members welcome newly elected member Alison Nunan to Council and congratulate Alison on becoming elected. Mayor Riseley also congratulates all candidates for taking an interest in their local community and local Council.

Mayor's Report

Robe Community Day

On behalf of Council, I am seeking community comment regarding the merit of Council hosting a Robe Community Day.

Potentially it could be held on National Volunteer Day and include a morning tea to recognise our community's volunteers, this type of recognition has happened in the past and was well supported.

Following on from the Volunteer morning tea would be a Community Forum, the forum could provide the opportunity for a Q & A with Elected Members and Senior Staff.
The opportunity to canvas and discuss future directions could also be part of the format.

If community members could advise of the merit of the proposal or other items that they would like considered for inclusion please drop a message or note into the Council office, or alternatively via email mayorriseley@robe.sa.gov.au.

Energy Security Carbon Neutral Status

Energy prices and energy security are increasingly on everyone's minds. More and more across the country progressive Councils and communities are both seeking and demanding greater energy autonomy.

There is now huge potential for the development and deployment of localised energy networks, offering greater local security at cheaper prices. The days of poles and wires across a national grid are numbered; this is particularly relevant to Robe at the end of an often problematic spur line.

The question is should the District Council of Robe seek information on behalf of our district?
Should our region, via the Limestone Coast Local Government Association, conduct research into a regional supply proposal?

Energy consumption, building efficiency and other initiatives can assist in addressing the districts carbon budget and potentially economic savings.
Community opinions on this topic would provide Council with valuable insight.

Rate Capping

There has been substantial media discussion recently on the subject of Rate Capping.

Over the next few months Council will include information pertaining to this important matter in the newsletter.

In the next edition is reports from Victoria reporting on the experience and impacts being felt in that state as a result of rate capping.

Financial Support Grant

The District Council of Robe is calling for applications for funding under the 2017/18 Financial Support Grant.

The Grant aims to provide limited funds for distribution to community and sporting groups to foster development of community services and events.

The application form is available on Council's website under 'Latest News' www.robe.sa.gov.au, or by contacting the Council office on 8768 2003 or via e-mail council@robe.sa.gov.au

Robe Foreshore Fence

Council considered the matter of the foreshore fence at its meeting held on the 22nd of August 2017 and passed the following resolution:

Resolved that the District Council of Robe having considered Report No. 14.1.17 'Fence Robe Foreshore' and acting in on the advice detailed in the risk management report provided by the Local Government Association Mutual Liability Scheme:

- *Council prepare compliant designs, including a design by Council's heritage Advisor in relation to the foreshore fence and seek the community's views on these designs, and*
- *Advise the community and those members of the community who corresponded with Council of Council's decisions.*

As directed by Council a range of design options will be developed and costed and placed before the community seeking the community's views. These options will be included within the Community Newsletter and placed on Councils website.

Dry Zone Robe Township

New Year's Eve in 2017-2018 falls on Sunday night and therefore it is anticipated that the town will receive an influx of visitors over the Friday, Saturday and Sunday nights. These visitors are welcome in Robe, however to ensure that everyone enjoys themselves and behaves themselves Council has, with the support of SAPOL, declared a Dry Zone in Robe for the entire weekend, commencing at 9.00pm Friday 29th December until 12noon Monday 1st January 2018.

What this means is that the consumption of alcohol in public places is banned.
This includes the Golf Course and Recreation Ground which have been added to the dry zone this year.

Local Government (Mobile Food Vendors) Amendment Bill

The Local Government (Mobile Food Vendors) amendment Bill 2016 has been passed by the State Government despite very vocal opposition from the Local Government Association on behalf of Councils.
This legislation will force all councils to grant permits to an unlimited number of food truck vendors in accordance with yet to be developed and approved plans. (Council are not aware of what is to be included in the plan nor the process for getting it approved)

As these new requirements are set to become law, the Local Government Association will develop draft location guidelines that will assist Councils to implement the new system.

I will keep Council, the community and the Robe Tourism Association informed as more becomes known.

Native Title Claim

Council have been advised that there is soon to be two Native Title Claims lodged in the Federal Court which cover the South East of South Australia including the area within the District Council of Robe.
The following information relates to how native title claim impacts upon Council.
Community members who believe that this claim may have an impact upon them should obtain their own legal advice if they believe it is required.

Native Title rights are a group of rights of Aboriginal people in land and waters according to their traditional customs.
For Councils, Native Title rights may continue to exist over Crown land under a Council's care, control and management and this may restrict a Council's ability to use that land.

The types of land, where Native Title can apply include land such as:

- Crown Land,
- Pastoral Leases, and
- Some Coastal land.

Other land is extinguished, and Native Title cannot exist over this land. Extinguished land includes land such as:

- Freehold land,
- Land subject to an exclusive possession lease, and
- Land subject to Public works.

If land has been extinguished previously, then normally native title is extinguished permanently, even if the land is resumed as Crown Land in the future.
Councils manage a considerable amount of Crown Land. Because Native Title can exist on (or at least some) Crown Land, a registered Native Title claim creates a type of "*statutory encumbrance*" over some Crown Land.
Our Council will become a respondent in the Federal Court of Australia, to the Native Title claim which will allow Council to keep an eye on the Court's activities and ultimately participate to ensure that Council and the Community's interests are taken into account.

Aboriginal heritage is a separate system from Native Title. The Aboriginal Heritage Act 1988 protects sites and objects of heritage significance to Aboriginal people (in a similar way that the *Heritage Places Act 1993(SA)* protects places of State heritage significance). Aboriginal heritage sites and objects are protected under this Act wherever they are situated, including on freehold land, leased land and Crown land. The *AH Act* makes it an offence to damage, disturb or interfere with Aboriginal heritage.

Council's Financial Position

With the conclusion of the 2016-2017 year, Council's financial position (budget versus actuals for the 12 months) has been calculated with Council's operating position improving from an anticipated budgeted operational deficit of $37,000 to an actual operational surplus of $153,000.

2017-2018 Capital Projects Update

Lake Butler Marina

Council as per its 2017-2018 Budget, is undertaking two significant projects to upgrade the infrastructure at the Marina to ensure that the facilities at the marina are in position whereby they are still able to provide a service to the users of the Marina.

These projects are the:

- Refurbishment of the Fisherman's Wharf, and
- Refurbishment of the Straddle Carrier Jetty

The Fisherman's Wharf project should be complete at the time this newsletter is published, has been constructed within Council's budget allocation and will serve the users of the marina for many years to come.

A contract has been let for the reconstruction of the Straddle Carrier Jetty and it is anticipated that the project will commence in October 2017. The Council and contractor will be liaising with the professional fishing fleet to ensure that this project is completed without unnecessary interference with the operation of the fishing fleet.

These projects are funded from Council's assets depreciation revenue. Since the 2011-2012 financial year the Lake Butler Marina has returned to Council general revenue the following operational profit.

2012- 2013	$ 31,663
2013- 2014	$113,363
2014-2015	$100,315
2015- 2016	$114,503
2016- 2017	$104,948
2017-2018	$118,000 (Budgeted)
Total	**$582,792**

Bower Street Drainage

The construction of the stormwater infrastructure at Bower Street has been completed which will manage the periodic flooding that used to occur along this street and within the vicinity of the primary school.

Robe Street Carpark

The contract has been let for the reconstruction of the Robe Street carpark and work is underway.

The plan below provides an overview of the work that is to be done.

Construction of Township Roads

Council's 2017-2018 Annual Business Plan and Budget has allocated $300,000 for the reconstruction of streets and roads within Robe which have been identified within Council's Infrastructure Plans.

In the current financial year Council will be undertaking the following work:

- Sealing Davenport Street,
- Sealing Bower Street – once the drainage works have been completed.
- Tobruk Avenue /Lakeside Court:
  - Design of the reconstruction of the full length of Tobruk Avenue and Lakeside Court including a new stormwater management system to alleviate the stormwater issue at the intersection of Tobruk Avenue and Robe Street,
  - Commence the construction of the road between Robe Street and the Harold Street intersection.

It is envisaged the completion of the whole length of these two roads will be achieved in 2018-2019.

Rural Road Renewal

The re-sheeting of Barnett Swamp Road has been completed and work has commenced on Bagdad Road.

Main Beach – repairs to the Seawall and Installation of New Access Ramp

Engineering drawings have been completed, an engineering firm has been engaged to manage the project on behalf of Council and a development application has been lodged for approval.

Tenders will be called for this work once development approvals have been obtained.

Redevelopment Main Beach Toilets

Initial concept plans have been drafted.

Building specifications are being drawn up to allow for a development application to be lodged and the project to be tendered.

Sea-Vu Caravan Park

Contracts have been let for the upgrade of the water and power and the amenities block at the Sea-Vu Caravan Park.

Medical Centre Upgrade

Building plans are currently being drawn up to enable development approval to be obtained and tenders to be called.

Please contact Narelle Marshall— a representative of Fauna SA on 0417 304 743
Accepting all native animals including: birds, marsupials, bats, reptiles and echidnas

COMMUNITY NEWS

Robetown CFS Brigade – More Volunteers Required

The CFS Mission: To protect life, property and the environment from fire and other emergencies whilst protecting and supporting our personnel and continuously improving. We're the people you sometimes see on television, fighting bushfires and helping our community in times of emergency.

It's a real team effort and we are looking for team players with differing skills. You don't have to be holding the hose fighting fires, we also need people to do things e.g. operating the radio, logistics, administration and lots more. You never know the challenges you'll be facing, but one thing's for sure - it will never be boring.

"A healthy community needs active participants" Many current volunteers say they joined the CFS to protect and help their local communities. And the pay? Well, there isn't any. But the rewards are many - learning new skills, keeping fit, gaining valuable qualifications, earning respect within the community, having fun, and being part of an active team. We really do make a difference. We've got the gear, we've got the experience, we'll train you and we'll equip you. All you need to bring along is your energy and your enthusiasm.

The Robetown CFS Brigade is unique in South Australia, as it has several specially trained Brigade members. This enables the Brigade to attend varying incidents e.g. Fire (Bush, grass, forest and Structural), Confined Space, Hazardous materials, Road Crash Rescue (RCR), Vertical Rescue and SES type incidents. Also, the Brigade has several specially trained members to assist the CFS Air Wing until a Support Brigade arrives from Millicent or Naracoorte.

Recently the Brigade received a new appliance, Robe 34P, (twin cab Pumper), which is fitted out as our Robe Town Hazmat unit, this Hazmat appliance also covers the Kingston area. Robe 34P compliments Robe 24P (twin cab Pumper) which is now set up as a RCR unit. In late May, the Robetown Brigade received a new 13,000lt Bulk Water Carrier (BW13), replacing its old 7,000lt Bulk Water Carrier (BW7).

So, if you want to be part of a team that really makes a difference, please give Brian or Rod a call (Brian 0427 973 887 or Rod 0429 911 393), or drop into the Robe Fire Station, O'Halloran Street on any Wednesday night about 7:30pm.

WANTED - used postage stamps

Margie Thomas from the Robe Lions Club is collecting used postage stamps for the Lions Australia Stamp Club.

Each year, the Stamp Club trades both Nationally and Internationally with fellow Lions members. ALL profits from their trading, generally about $6,000 to $7,000, is then donated to the Australian Lions Mobility Fund who use the money to purchase mobility walkers. These machines enable severely physically handicapped children to walk and be mobile, often for the first time and each unit can cost several thousand dollars each.

If you are able to help, please drop the stamps off to either the Post Office or our new Lions shop 'Second Chance'. Alternatively, ring Margie on 0418 806 775.

please leave a 5 to 10 mm gap around the stamps

Holy Eucharist

St. Peters Anglican Church, Robe.
Services on 2nd and 4th Sunday of the month at 11am
You are invited to join us.
Enquiries: Fr. David, ph 8767 2672

The very informal monthly meeting of Friends of the Library will be held at the "Spoon" on the third Thursday of every month at 10am. Do join us and share a book you have enjoyed reading.

Any enquiries to Pat Moseley 8768 2959.

VOLUNTEER BUS DRIVERS

The Robe RSL Sub-Branch operates a small (11 seat) bus for the benefit of the Robe community with a once a week service around the town, and a once a month service to Mt Gambier.

We are always seeking new drivers interested in helping in this community service.

To be eligible all drivers must hold a current South Australian car license, be over 18, not on P plates and younger than 80.

Should you be interested, please contact the Honorary Secretary of the Robe Sub-Branch on 0407 365 660

ROBE MENS SHED ASSOCIATION INC

The Robe Men's Shed group has received approval for our proposed shed building from District Council of Robe. Gary Thomas has drawn up and elaborated the design which is to be built in 2 stages. Our site on Evans Cave Rd is now under lease contract with District Council of Robe and Council has cleared this site in preparation for leveling and consolidation before we commence to lay the concrete slab.. Further funding support for the Men's Shed construction will now be sought from Federal and State Members.

Recently, we decided to hold our meeting at Gary's shed on Evans Cave Road, and in true Mens' Shed spirit we spent the entire night in discussion and did not get to watch our comedy movie, 'The Castle'. New Mens' Shed member, Edge Burton shared his expertise and skills in flying his home-made drone through the numerous obstacles and rafters in Gary's shed using 3D vision goggles. Our next community project is in progress – to make display cubes for the Southern Ocean Art Prize (SOAP event which runs November 3-8 in the Robe Institute building). Tony Stevenson is leading this effort, and voluntary assistance has been offered by local bespoke builder David Yates.

We look forward to you joining our meetings. Our next meeting will be held at the Robe Council Chambers at 7:30pm on Thursday September 7th. Please come along. Notice is also given that our Annual General Meeting will be held at District Council of Robe Chambers, Thursday October 5th, 2017.

Building foundations for friendship.

John Davidson, President 0457844195, on behalf of the Men's Shed committee.

Publication Details

The Community Newsletter is published, edited, designed, printed and delivered by the **District Council of Robe**. Community groups and organisations wishing to submit items should forward their information to Nat by the third Friday of each month. It is preferred that items are emailed to nat@robe.sa.gov.au however handwritten items will be accepted and can be dropped into the Council office, posted to PO Box 1, Robe SA 5276, or faxed on 08 8768 2432.

The views and opinions expressed in articles submitted to the District Council of Robe do not necessarily reflect the views of the Council as a body, nor as individual members. While every effort is made to ensure accuracy in published articles submitted by contributors other than Council, no responsibility is accepted for any errors that they may contain. Council reserves the right to edit or not publish any editorial submission.
