PURPOSE

Our Service has a duty of care to provide and protect the health and safety of children, educators, and visitors of the Service. This policy aims to support educators to:

- Preserve life
- Ensure the environment is safe and other people are not in danger of becoming ill or injured
- Ensure that ill or injured persons are stabilised and comforted until medical assistance intervenes
- Relieve pain if possible
- Monitor ill or injured persons and promote recovery
- Provide immediate and effective first aid to children or adults
- Apply additional first aid if the condition does not improve

'First aid can reduce the severity of an injury or illness and in extreme cases, could mean the difference between life and death.' (Safe Work Australia).

SCOPE

This policy applies to children, families, educators, staff, approved provider, nominated supervisor, management, students, volunteers and visitors of the Service.

IMPLEMENTATION

First aid is the emergency aid or treatment given to persons suffering illness or injury following an accident and prior to obtaining professional medical services if required. It includes emergency treatment, maintenance of records, dressing of minor injuries, recognition and reporting of health hazards, and participation in safety programs. Legislation that governs the operation of approved children's services is based on the health, safety and welfare of children, and requires that children are protected from hazards and harm.

THE APPROVED PROVIDER/NOMINATED SUPERVISOR/MANAGEMENT WILL:

- ensure obligations under the *Education and Care Services National Law and National Regulations* are met
- ensure educators, staff, students, visitors and volunteers have knowledge of and adhere to this policy and procedure
- ensure all new employees, students and volunteers are provided with a copy of this policy as part of their induction process
- ensure there is an induction process for all new staff, including casual and relief staff, that includes providing information on the location of first aid kits and specific first aid requirements; individual children's allergies and individual children's medical management plans
- ensure families are aware of this *Administration of First Aid Policy*
- take every reasonable precaution to protect children at the Service from harm and/or hazards that can cause injury
- ensure that the following qualified people are in attendance and immediately available in an emergency, **at all times** the service is providing education and care to children [Reg. 136]
    - at least one educator, staff member or nominated supervisor who holds a current ACECQA approved first aid qualification
    - at least one educator, staff member or nominated supervisor of the service who has undertaken current approved anaphylaxis management training
    - at least one educator, staff member or nominated supervisor of the service who has undertaken current approved emergency asthma management training

(One staff member may hold one or more of the three qualifications)

Before using a printed copy, verify that it is the current version

- ensure staff maintain current ACECQA approved first aid qualification and ACECQA approved anaphylaxis and asthma management training every 3 years and renew cardio-pulmonary resuscitation every 12 months
- verify first aid qualification course codes against the ACECQA qualification list upon employment
- plan and review the staff roster to ensure all first aid qualification requirements are met at all times
- appoint a nominated first aid officer
- ensure a risk assessment is conducted prior to an excursion or regular outing, to identify risks to health, safety, or wellbeing and specifying how these risks will be managed and minimised (NB: risk assessment for a regular outing or regular transportation is required at least annually) [Reg. 102B, 102D (4)]
- provide and maintain an appropriate number of up-to-date, fully equipped first aid kits, that meet Australian Standards [Reg. 89]
- monitor the contents of all first aid kits and arrange replacement of stock, including when the use-by date has been reached
- dispose of out-of-date materials and supplies appropriately
- ensure safety signs showing the location of first aid kits are clearly displayed
- provide training for the administration of an auto-injector device annually and document on staff files
- provide and maintain a transportable first aid kit that can be taken to excursions and other activities [Reg. 89]
- ensure that first aid training details are recorded and kept up to date on each staff member's record
- ensure that families/parents are notified as soon as practicable or within 24 hours if their child is involved in an incident, injury, trauma or illness at the Service and that details are recorded on the *Incident, Injury, Trauma and Illness Record* [Reg. 86, 87]
- ensure the regulatory authority is notified within 24 hours if a child is involved in a serious incident, injury, trauma or illness at the Service [Reg. 12, 176]
- conduct a review of practices following a serious incident, including an assessment of areas for improvement
- ensure that staff members are offered support and debriefing subsequent to a serious incident requiring the administration of first aid
- ensure a resuscitation flow chart is displayed in a prominent position in the indoor and outdoor environments of the Service

Electronic version on the Internet is the controlled version.
Printed copies are considered uncontrolled.
Before using a printed copy, verify that it is the current version

- keep up to date with any changes in procedures for administration of first aid and ensuring that all educators are informed of these changes.
- ensure parents/guardians provide written consent (via the enrolment record) for service staff to administer first aid
- ensure parents/guardians provide written consent for the approved provider, nominated supervisor or educator to seek medical treatment for their child by a registered medical practitioner, hospital or ambulance service and if required, transport the child to hospital [Reg. 161(1)(a)]

EDUCATORS WILL:

- implement appropriate first aid procedures, when necessary, by adhering to the Service's *Administration of First Aid Procedure*
- maintain current ACECQA approved first aid qualification, and qualifications for approved anaphylaxis management and emergency asthma management every 3 years
- renew cardio-pulmonary resuscitation every 12 months
- participate in administration of an auto-injector device training at least annually (not mandatory)
- ensure that all children are adequately supervised while providing first aid and comfort for a child involved in an incident or suffering trauma
- ensure that the details of any incident requiring the administration of first aid are recorded on the *Incident, Injury, Trauma and Illness* Record accurately
- conduct a risk assessment prior to an excursion, regular outing or when providing regular transportation of children to identify risks to health, safety, or wellbeing and specifying how these risks will be managed and minimised (NB: risk assessment for a regular outing or regular transportation is required at least annually) [Reg. 102B, 102D (4)]

FAMILIES WILL:

- read and comply with the policies and procedures of the Service
- sign the *Incident, Injury, Trauma and Illness Record* Service record of accidents or injuries that have occurred acknowledging they have been made aware of the incident and the first aid that treatment that was given to the child
- provide the required information for the Service's medication record
- notify the Service upon enrolment of any specific health care needs of their child- including medical conditions and allergies

Electronic version on the Internet is the controlled version.
Printed copies are considered uncontrolled.
Before using a printed copy, verify that it is the current version

- provide the Service with a medical management plan for their child if required and ensure these are kept up to date at all times
- provide written consent (via the enrolment record) for service staff to administer first aid
- provide written consent for the approved provider, nominated supervisor or educator to seek medical treatment for their child by a registered medical practitioner, hospital or ambulance service and if required, transport the child to hospital
- be contactable, either directly or through emergency contacts listed on the child's enrolment record
- notify educators of any change in condition of their child's health that may impact the child's care and require the administration of first aid (ACECQA, 2021).

INCIDENT, INJURY, TRAUMA AND ILLNESS RECORD

Any incidents, injuries trauma or illness, including first aid provided, must be recorded and include the following details, as per Education and Care Services National Regulation 87:

- name and age of the child
- circumstances leading to the incident, injury, trauma, or illness (including any symptoms)
- time and date
- details of action taken by the service including any medication administered, first aid provided or
- medical personnel contacted
- details of any witnesses
- names of any person the service notified or attempted to notify, and the time and date of this
- signature of the person making the entry, and time and date of this.

FIRST AID KIT

The approved provider of the Service will ensure that first aid kits are kept in accordance with Education and Care Services National Regulations [Reg. 89].

Electronic version on the Internet is the controlled version.
Printed copies are considered uncontrolled.
Before using a printed copy, verify that it is the current version

ALL FIRST AID KITS AT THE SERVICE MUST:

- be suitably equipped
- not be locked
- not contain paracetamol
- be suitable for the number of employees and children and sufficient for the immediate treatment of injuries at the Service
- be easily accessible to staff and educators
- be constructed of resistant material, be dustproof and of sufficient size to adequately store the required contents
- be capable of being sealed and preferably be fitted with a carrying handle as well as have internal compartments
- contain a list of the contents of the kit
- be regularly checked using the *First Aid Kit Checklist* to ensure the contents are as listed and have not degraded or expired
- have a white cross on a green background with the words 'First Aid' prominently displayed on the outside
- be easily recognisable
- be easy to access and if applicable, located where there is a risk of injury occurring
- include emergency telephone numbers
- be provided on each floor of a multi-level workplace
- be provided in each work vehicle
- be stocked with precautionary items such as sunscreen and water if using outdoors.
- be taken on excursions and during regular transportation
- be maintained in proper condition and the contents restocked as required.

Our nominated First Aid Officer responsible for maintaining all First Aid kits at the Service is:

FIRST AID OFFICERS		
Name	Tara Oliver-Robe, Lily Francis-Beachport & KIAS	
Role	Administration, Team Leader	
Number of First Aid Kits Responsible for at the Service:		1x Robe, 1x Beachport, 1xKIAS
Additional First Aid Officer:		Responsible Person

Electronic version on the Internet is the controlled version.
Printed copies are considered uncontrolled.
Before using a printed copy, verify that it is the current version

These individuals are responsible for conducting and maintaining each first aid kit by complying with the *First Aid Kit Checklist*, certifying each kit has the required quantities, items are within their expiry dates, and sterile products are sealed. This will occur after each use or if unused, at least annually.

Individuals, along with the nominated supervisor will also consider whether the first aid kits and components are appropriate and effective for the Service's hazards and the injuries that have occurred. If the kit requires additional resources, these individuals will advise and follow up with the nominated supervisor.

Our Service will display a well-recognised, standardised first aid sign to assist in easily locating first aid kits. Signage will comply with AS 1319:1994 – Safety Signs for the Occupational Environment.

FIRST AID KIT CHECKLIST

Our Service will use the checklist provided by the *Childcare Centre Desktop*. The checklist will be completed annually to ensure first aid kits are equipped and maintained.

Safe Work Australia's *First Aid in the Workplace Code of Practice* also provides a guide to what to include in a First Aid Kit. (Appendix E- Example of contents)

We will determine the need for additional items to those in the checklist, or whether some items are unnecessary, after analysing the number of children at our Service and what injuries children or adults may incur. We will review our incident, injury, trauma and illness records to assist us in making an informed decision about what to include.

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Administration of First Aid Policy* will be reviewed on an annual basis in consultation with children, families, staff, educators and management.

Safe Work Australia First Aid in the Workplace Code of Practice: First Aid in the Workplace
