A message from the Mayor

Summer has come to an end, time flies when you're having fun!

The nights have cooled down as the bracing sea breeze sets in for the winter season. As you travel around our district be mindful of our furry friends that come out looking for food and shelter, especially on our roads and walking tracks.

Easter time was so busy with many coming into our town to share in the festivities and enjoy the sights. While the interstate visitors have largely come and gone, the South Australian school holidays saw our town gleefully overrun with lots of families taking in our delights.

Thank you to the Robe RSL for organising and facilitating the commemorative dawn service on ANZAC day. A moving tribute to our service men and women. Thank you to the many clubs, groups, and individuals who paid their respects and laid a wreath at the war memorial.

This month the Council is beginning the process of developing the Four-Year Business Plan and Annual Budget.

These annual documents provide an overview and projection of the services and projects we aim to deliver on behalf of the community.

This vital planning enables the council to continue to provide existing services and to enhance assets and services for the benefit of the residents, the businesses, and the visitors to our community.

Elected members and administration staff will be working hard to find the right balance, ensuring nothing is overlooked or undervalued.

A reminder that the rescheduled public meeting is planned for Thursday 1st June 2023, 6pm, at the Robe Institute. This meeting will be livestreamed on our Council Facebook page to ensure that our non-resident rate payers can still participate and listen in. A recording of the meeting will be made available as well.

Four Year Business Plan 2023/24 to 2026/27 and Annual Budget 2023/24

Councillors are currently business planning for the upcoming financial year and are meeting frequently to discuss important matters for our community. We encourage you to come along to public meetings and take a seat in the gallery to witness the discussions firsthand.

Once the draft document has been endorsed for public consultation, the community will be notified via facebook, website and the Community Newsletter. Council have scheduled a public meeting for Thursday 1 June 2023 to provide the community with the opportunity to ask questions and provide feedback on the business plan

Agendas and Minutes for Council meetings are publicly available on the Council Website and it is a great way for you to see what Councillors are provided with when they head to the Chamber to make decisions, and find out the outcomes.

Vegetation Clearing

Council recently approved a proposal for the roadside trimming of trees, shrubs and vegetation as required to maintain roadside clearance and to specifically target the removal of individual mature plants of listed weed species surrounding the Drain L Lakes system.

Council is required like any land manager to prevent the spread of listed weeds.

The works are scheduled to occur in winter and further works to manage germination of seedlings will be undertaken in Spring and Summer.

End of Fire Danger Season

Fire Danger Season officially concludes at midnight on Sunday 30 April 2023.

The introduction of the Environment Protection (Air Quality) Policy 2016 resulted in a number of changes to controls relating to burning in the open. One of the major changes that was introduced is the requirement to obtain a permit when burning within the township regardless of the time of year.

The District Council of Robe has developed a Township Burning Permit Policy to establish a set of criteria to be considered by Council's delegated officers when assessing permit applications for burning within the Robe township. A Burning Permit is required to carry out one or more of the following burning activities outside of a fire danger season:

- Burning agriculture or forestry waste; or
- Burning off vegetation for fire prevention or control; or
- Burning vegetation for any other purpose.

In assessing burning permit applications, Council's Authorised Officers are required to consider the following criteria:

- Bushfire risk of the area
- Purpose of the proposed burning
- Amount of material to be burnt
- Fuel load present on adjoining properties
- Properties in proximity or adjoining reserves or national parks
- Proximity and potential impact to neighbouring residents

- Availability of other reasonable means to dispose of the vegetation
- Legitimacy of the proposed burning – i.e. is this genuine fire hazard reduction or rubbish removal
- Nature of material to be burnt
- Size of the Allotment
- Terrain of the allotment and locality
- Accessibility to the allotment and area where the vegetation is to be burnt
- Is the material declared and or woody weeds
- Is the material diseased plant material
- Requirements of the Country Fire Service Broad Acre Burning Code of Practice
- Requirements of the Country Fire Service Vegetation Pile Burning Code of Practice
- Religious or Cultural purposes

The Application for Permit for Burning in the Open will be required to be completed and sent to the Council office to enable a Council Authorised Officer to assess an application for burning in the open. The Council Authorised Officer will then determine if a Burning Permit will be issued and any conditions that will apply.

For further information on fire prevention and to access a burning permit, please visit the Council website: www.robe.sa.gov.au/services/fireprevention

Robe Institute Kitchen Repairs

In efforts to maintain the Robe Institute facility, it's wonderful to see the Institute kitchen roof recently replaced.

Earlier this year, the Robe Institute had a Fabric Condition Report conducted with recommendations provided. This report highlighted the water damage to the ceiling in the kitchen (which was repaired late last year), and also recommended that the roof be inspected and repaired/replaced as necessary, as a matter of urgency.

Inspections were conducted, and a full replacement of this section of roof was required due to its condition.

Upon conducting the repairs, other issues were identified (such as rotten timbers) which were able to be repaired at the same time, proving the work to be very timely.

SA Ambulance Service

Will you answer the call? Join the Robe Volunteer Ambulance Team today.

SA Ambulance Service has launched its recruitment campaign *Answer the Call* and is looking for more volunteers in your region.

More than 1200 volunteers provide ambulance services in 80 locations across the state, including at Robe.

The Robe volunteer team responds to the community for chest pain, breathing problems or pre-existing medical conditions, and on occasion, trauma cases.

Regional Team Leader Taylor Martin said volunteers trained together regularly so they were always ready to answer the call.

"Our volunteers nominate when they are on shift at a time when it suits them," Taylor said.

"We've got a great group at Robe, and we're looking forward to meeting new recruits who want to give it a go," she said.

Volunteers gain experience and nationally recognized qualifications in pre-hospital care, meet new people and support their communities.

New recruits do a combination of online and face-to-face training, and are always paired with a qualified officer while on a call.

"SAAS provides training, uniform and reimburses out of pocket costs such as travel and childcare," Taylor said.

"Some of our people have gone onto careers in health, in a variety of positions, after receiving an insight into the sector through volunteering for SAAS," she said.

A fully qualified volunteer Ambulance Officer is awarded a Certificate IV in Healthcare once their training is complete.

Volunteers and their families also receive free Ambulance Cover whilst volunteering for their communities with SAAS.

If you are interested in becoming a volunteer, please feel free to give Regional Team Leader Taylor Martin a call on [0448 308 141](tel:0448308141) or head to saasvolunteer.sa.gov.au.

MYLOCAL SERVICES APP

My Local Services is a mobile phone app that allows you to report a problem within the Council area, receive notifications about waste collection days and check Waste Transfer Station opening times. The app is designed to make it more convenient to find Council information 24/7.

You'll never forget bin day again!

You can also find places 'Near Me' such as parks and playgrounds.

We encourage all residents and ratepayers to download the App. It is very easy to use, and the details are specific to your house location. MyLocal Services App can be downloaded from the Apple App Store and Google Play.

ENOTICES

Please note that the current rates notices contain a new feature, 'Enotice' which will make it easier for our ratepayers to manage their rates. Ratepayers will need to use the reference number, top right of your rates notice, to login and create a new account:

The benefits of Enotice are;

- It is possible to see both current and previous rates notices using this feature.
- You can choose to have your rates notice emailed directly to you rather than posted.
- To allow ratepayers to update their email addresses and add email recipients. (e.g. if more than one person has an interest in the property)
- For ratepayers who own multiple properties this feature will be of great use, as you are able to add multiple assessments to the one account, creating a more efficient way to manage all properties.

Please note that this function does not allow you to update your residential or postal address, this still needs to be sent directly to Council. This can either be emailed to council@robe.sa.gov.au or posted to PO Box 1, Robe SA 5276.
